READY IN STOCK

A leading manufacturer of metal workshop furniture Famepla was established in 1998 and is based in Pieve del Grappa (TV).

The production process is managed in-house, so that each phase of the cycle is controlled and the quality of our products can always be guaranteed.

Thanks to the experience gained over the years, Famepla is a company capable of satisfying the needs of a wide range of customers: from the engineering sector to the aerospace and transport sector, passing through the automotive, military, medical, manufacturing and education sectors.

All products are designed to meet the needs of a very wide range of users. Design is combined with a focus on safety to support the production process within each company, in Italy as well as the rest of the world.

Cabinets with drawers or with doors, workbenches, trolleys for transporting tools, shelving with shelves and plastic container structures take shape every day at our production site and guarantee a high level of performance.

Our product range includes more than 30,000 items of which more than 300 are available in stock and with fast delivery.

We are present worldwide through an extensive sales network.

Our customers are served directly by our structure or through our partners or authorised dealers.

This is the reason why who has chosen us over the last 20 years never walked away.

WHY CHOOSE FAMEPLA?

01 QUALITY

Famepla manufactures and supplies furniture for industries and warehouses all over the world. Our high-quality product range includes drawer and doors cabinets, professional workstations, plastic containers and shelving. The quality of our products is guaranteed by the professionalism and experience of our team and a completely MADE IN ITALY process.

02 CUSTOMIZATION

We offer versatile, integrated solutions based on the specific needs of each customer. A team of designers and technicians with 20 years' experience is at your disposal to offer you the best possible solution.

03 FAST DELIVERIES

Having quality products in a short time is always a problem in this industry. At Famepla, however, quality and fast delivery count and have always been strong points. As of today, an eXPress+ selection with 3-day shipping and transport included is added to the eXPress catalogue. You won't find any better.

04 GREEN SINCE THE BEGINNING

We strongly believe that a major part of sustainability includes the longevity of a product. Our products are made to last so there is less waste in the long run. We are also very concerned about the source of materials and we only collaborate with certified suppliers that perfectly fit our way of working.

OUR COLOURS

All Famepla products are painted with cataphoresis technology. The advantages of this system are the highest level of finishing as well as colour consistency and a smooth, aesthetic and durable product.

The colour combinations are created directly in our factory, which allows us to satisfy high quality standards.

In addition to the standard colours, the chosen product can be produced in any desired colour.

CONTAINERS

UNIBOX

The UNIBOX Tilt Bin system offers an excellent way of storing small parts in visible locations - this promotes visual stock control and negates migrating stock.

The design allows each box to be stacked on benches or wall racks, trolleys, rotary towers and vertical drawers.

- STACKABLE in a variety of combinations
- EASY IDENTIFICATION with transparent boxes
- OPTIMAL ACCESS thanks to the tilting opening

VERTICAL DRAWERS

The vertical system consists of a modular cabinet to be completed by inserting drawers and with UNIBOX tilt bins.

The cabinet is a formed steel structure, specially shaped and strengthened to withstand heavy loads: it is supplied as standard with individual drawer opening device and must be fixed to the floor or wall.

The drawers slide on telescopic guides installed on ball bearings that guarantee easy opening even under full load conditions.

Available with load capacity of 150 kg.

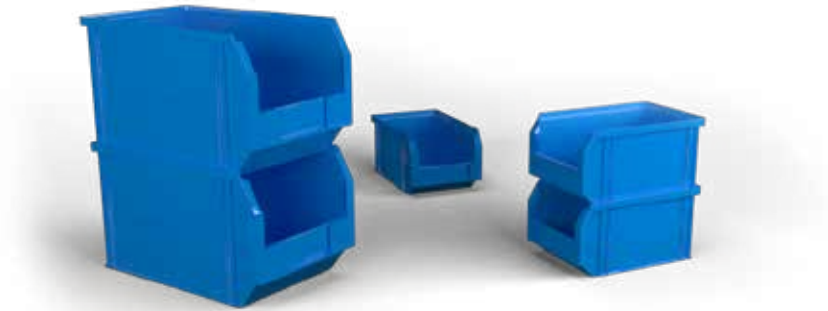

CONTAINERS

STORAGE BOXES

Our storage and transportation systems can create cost effective solutions for your materials handling and storage requirements. Our containers are available with front opening bin or as stacking industrial storage boxes to withstand heavy loads.

- SOLIDITY guaranteed by the strength of polypropylene
- STACKABLE to facilitate organisation and minimise space
- EASY ACCESS thanks to the special front opening shape

WORKSTATIONS

WORKBENCHES

Hubs of activity within engineering workshops are often built around a workbench or workstation. Our professional workbenches can be built as static or as mobile unit. Manufactured from high quality steel, they come with Multiplex wood worktop or with Multiplex with steel cover.

- FOR HEAVY-DUTY USE with load capacities reaching 1500 kg
- EASY TRANSPORT with mobile workbenches
- QUICK ACCESS thanks to tool holder walls

Multiplex

Steam impregnated and veneered worktop with rounded corners and smooth surface.

Worktop with laminated cover

Worktop with laminated surface HPL coating on both sides, 0.7 mm thick. Edges with 2 mm grey ABS band on all sides.

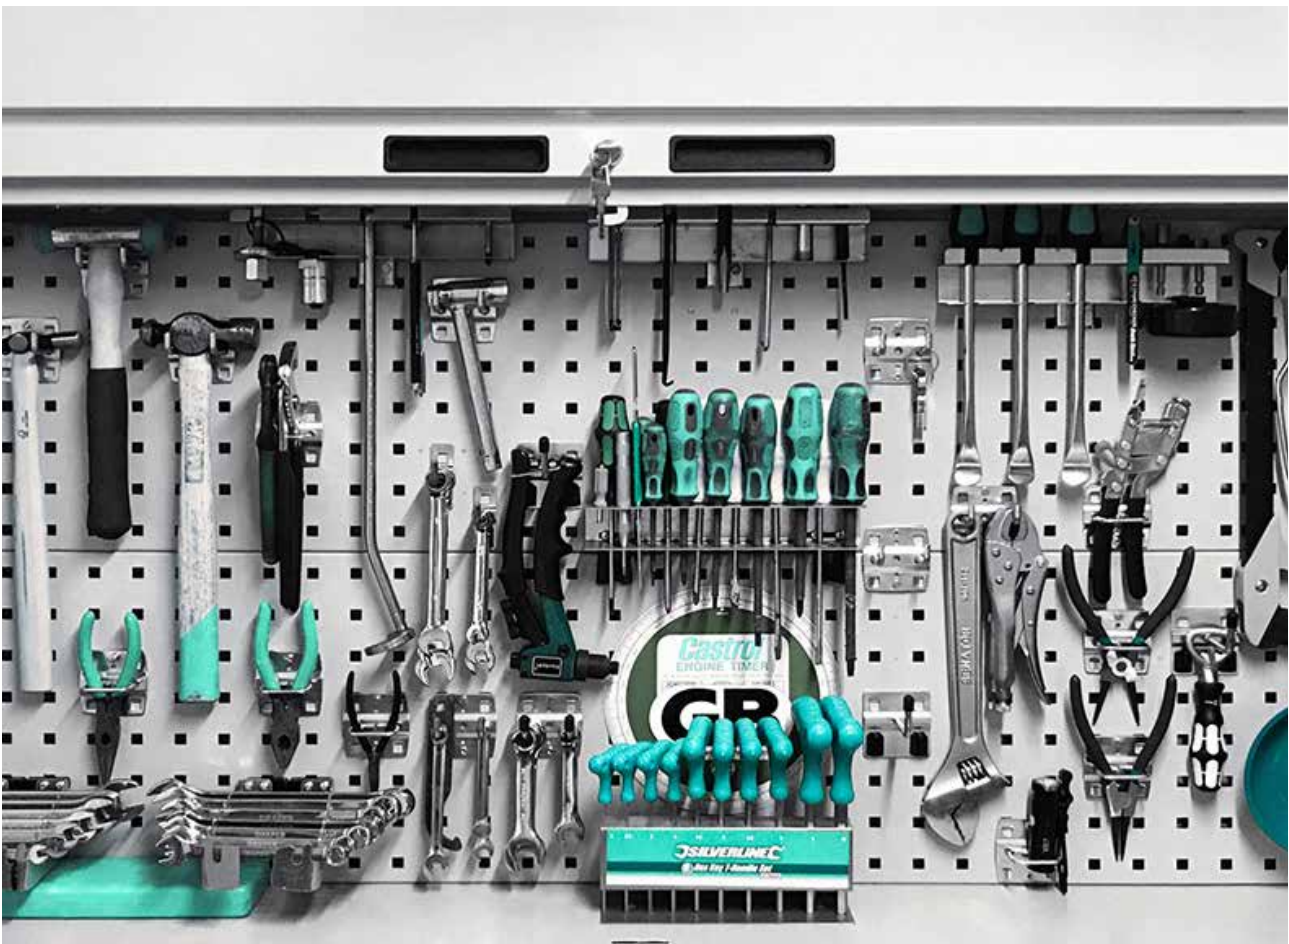

WORKSTATIONS

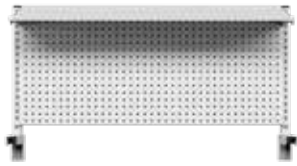

TOOL HOLDER WALLS

Tool holder walls are flexible structures that can be easily configured to suit every need.

A wide selection of components and accessories can be integrated at any time and with absolute ease to help you arrange everything you need for your work.

- QUICK ACCESS to tools thanks to hooks and shelves
- QUICK AND EASY ASSEMBLY
- INTEGRABLE with our entire range of workstations

WORKSTATIONS

COMPUTER CABINETS

Our wide range of PC computer cabinets helps combat the daily degradation and abuse these expensive and essential items receive. With various design options available we can create a safe ventilated environment allowing excellent visual access.

- PLEXIGLAS® WINDOW for visibility
- PROTECTION from dirt and dust
- BUILT-IN VENTILATOR to protect equipment from overheating

COMPUTER CABINET

- 1 UPPER COMPARTMENT**
600x550x650 mm h
Monitor leaf door with Plexiglas® window for visibility
- 2 DRAWER**
Retractable keyboard drawer with mouse holder
- 3 LOWER COMPARTMENT**
661x467x700 mm h
Socket block, switch ON/OFF and 1 m connecting cable
Built-in ventilator and dust filter
- 4 LOCKING**
Central locking system with 1 lock

FLAT SCREEN COMPUTER CABINET

- 1 UPPER COMPARTMENT**
600x260x530 mm h
Monitor leaf door with Plexiglas® window for visibility
- 2 DRAWER**
Drawer 75 S - Extension: 85% - Load capacity: 100 kg
- 3 LOWER COMPARTMENT**
661x467x750 mm h
Socket block, switch ON/OFF and 1 m connecting cable
Built-in ventilator and dust filter
- 4 LOCKING**
Central locking system with 2 locks

TOOL STORAGE

CNC STORAGE SYSTEMS

Tool holder are the ideal solution to accommodate the different types of spindles in an orderly manner, at hand and arrange them so that they are visible without taking up space.

Made of ABS and resistant to impacts and mineral oils, they are fixed to the frame by means of snap fastener.

- FOR ALL CNC TOOLS
- SOLIDITY guaranteed by impact-resistant materials
- EASY FASTENING to frames

METAL CABINETS

CABINETS WITH DOORS

Metal cabinets with doors for workshop and office are ideal for protecting and storing away tools and documents. As an alternative to conventional hinged-door cabinets, to reduce the overall size we also offers space-saving solutions as cabinets with sliding doors and as roller shutter cabinets.

- PERFECT VISION thanks to Plexiglas® doors
- ORDER AND ORGANISATION with tool boxes and hooks
- HIGH CAPACITY up to 600 kg
