

INTENSE CLEANER

Heavy-Duty Cleaning Gel

DESCRIPTION

INTENSE CLEANER is a jellied cleaner for paints and resins.

INTENSE CLEANER has been tested on all paints and by resins, varnishes and inks. Its formula has been developed to be effective on coatings with physical drying at ambient temperature, but also on bi-component, thermosetting or UV polymerised systems.

INTENSE CLEANER is suitable for Glycerophthalics, Cellulosics, Acrylics, Vinyls, Amino-plasts, Polyesters, Phenolic Mono- and Bi-Component Epoxy, Mono- and Bi-Component Polyurethanes.

APPLICATIONS

Cleaning of molds in plastic injection. Cleaning of mold cavities and removal of various materials and traces of oxidation. Cleaning of molds, ejector guides in the plastic injection industry.

Removing of temporary workshop markings.
Removal of paints and inks.

ADVANTAGES

- Without chlorinated solvents.
- Very fast cleaning time.
- Works perfectly even on vertical surfaces.

TECHNICAL INFORMATION

NAME	UNITS	METHOD	INTENSE CLEANER
Color	-	Visual	Blue
Aspect	-		Opaque
Odour	-		Solvent type
Density at 20°C (68°F)	-	NF EN ISO 2811-1	0.900
Self-Ignition Point	°C	ASTM E 659	230.0
Flash point	°C	NF EN 22719	43 (closed cup)

These characteristics are given only for information and can be updated over time.

INTENSE CLEANER has a much better coverage than most conventional cleaners, thanks to its wetting power, optimized evaporation rate and ease of application.

INTENSE CLEANER allows a reduction of the quantities used, up to 30% lower than those of the usual formulas.

INTENSE CLEANER does not contain Methylene Chloride, N-Methyl-2-Pyrrolidone, Ketone and other chlorinated solvent, or Glycol Ether.

INTENSE CLEANER therefore complies with Regulation (EU) No 276/2010 of 31 March 2010 on the marketing of strippers containing Methylene Chloride.

INTENSE CLEANER is a gelled fluid for increased action time on vertical surfaces. Its aerosol packaging allows easy and precise application, even in the most difficult places of access.

SERVICES AND EQUIPMENT

In addition to its product ranges, MotulTech can provide tools and services for the maintenance and monitoring of your lubricants. Please contact your technical sales representative for more information.
