

SAFCO KLEEN VF 200

Degreasing Agent

DESCRIPTION

SAFCO KLEEN VF 200 is a technical fluid specifically developed to replace petroleum and chlorinated solvents in their applications to cold or hot surface.

Useful product for cleaning applications:

- Surface does not need to be completely dry after cleaning
- Requires a stronger solvent power compared to hydrocarbon based solvents (elimination of resin deposit inks)
- Forms a temporary protective film on the treated parts.

ADVANTAGES

- Strong degreasing power
- Non-flammable, with a flash point over 170 ° C, it avoids any ATEX risks.
- Compatible with most materials, metals, plastics, elastomers, rubber, painted surfaces.
- Can be used in closed spaces

HEALTH & SAFETY

- VOC-free
- Non toxic
- Without solvent
- 100% Biodegradable
- No odor
- Non irritating

TECHNICAL CHARACTERISTICS

Characteristics	Method	Unit	SAFCO KLEEN VF 200
Aspect	Visual	-	Clear
Density at 25°C	NF EN ISO 12 185	Kg / m ³	874
Freezing point	ASTM D 97	°C	< - 6
Viscosity at 40°C	NF EN ISO 3104	mm ² /s	4.5
Tension de vapeur REID à 20°C	NF M 07 007	mBar	<0.1
KB index	ASTM D 1133		>100
Flash point (closed cup)	ISO 2719	°C	>170
Evaporation rate	NF T 30 301	h.min.s.	Doesn't evaporate

APPLICATIONS

SAFCO KLEEN VF 200 is a technical fluid specifically developed to replace petroleum and chlorinated solvents in their application to cold or hot surfaces. It is used non diluted, cold or warm (80°C max).

Can be applied with cloth, in a cleaning fountain, can be sprayed or dipped.

SAFCO KLEEN VF 200 is a strong degreasing fluid suitable for sensitive materials and confined environments.

It is well-suited for the cleaning or degreasing of mechanical parts or machining fluid residues.

SERVICE AND EQUIPMENT

In addition to its product ranges, MotulTech can provide tools and services for the maintenance and in-use monitoring of your lubricants. Please contact your technical sales representative.

IMPORTANT NOTICE

All information and rules about health, safety and the environment are mentioned on the safety data sheet. It provides information about risks, safety procedures and first aid emergency rules. It clarifies all procedures to implement in the case of an accidental spillage, and for the disposal of the product and its effects on the environment.

Our product contains natural additives which are likely to modify the colour of the concentrates without altering its performance. The specifications of our products are definite only at the time of order, and are subject to our general sale and guarantee conditions. To give our customers the latest technical developments, the general characteristics of our products may vary. The safety data sheet of this product is available at www.motul.com
