

EcoPolyBlend™ Accumulation Centres

EcoPolyBlend™ Accumulation Centres

EcoPolyBlend™ Accumulation Centres

Polyethylene Spill Pallets For Drums And IBCs -

Combine units to create your own customized spill-control system.

- Use optional joining clips (28926) to firmly lock units together to combine 2-, 4-, 6-, and 8-drum modular units to create your own customized system
- Made from polyethylene, these accumulation centres are nearly impervious to chemicals, including acids and corrosives
- Low-profile centres only measure 14 cm high for easy handling of drums
- Seamless construction eliminates leaks, making them ideal for drum filling and dispensing operations
- Self-locating grates won't ride-up and are removable for easy cleaning
- Sumps remain separate and clips can be removed for easy repositioning

- Used for secondary spill control with the ability to combine units to customize your system.
- Heavy duty

Recommended use

Polyethylene Spill Pallets For Drums And IBCs - EcoPolyBlend™ Accumulation Centres

General

Brand	Justrite
Product Number	2860
